Lt. Gen. Joseph S. Carroll  
Director, Defense Intelligence Agency  
Washington, D. C. 20301

Dear Lt. Gen. Carroll,

Attached, for your information, are five copies of each of two memoranda recently prepared by this Agency, one entitled "The Cambodian Salient and the North Vietnamese Threat in Kontum Province" and the other "Developments in North Vietnam Since 31 March 1968." The Director circulated copies of these memoranda at the 28 May White House meeting. I have sent copies to my colleagues on the Bundy Committee (Messrs. Bundy, Leonhart, Moorsteen, Burke, Isham, Steadman, Halperin, and Generals DeFuy and Ginsburgh. It has, of course, been made clear to all recipients that these are CIA memoranda for which our other colleagues in the Intelligence Community are not responsible and whose views they do not necessarily reflect.

George A. Carver, Jr.  
Special Assistant for Vietnamese Affairs
